

To our HVO Patients and Their families,

We wanted to reach out personally regarding the current situation with the coronavirus, known as COVID-19. Each day brings new developments and our hearts go out to all affected.

At Hidden Valley Orthodontics, we are doing our part to keep safety a priority for everyone. You have placed your trust in us to oversee the oral health of you and/or your family, and we take the job seriously.

Presently, we have rescheduled all patients during the week of **March 23 - March 27**. We are monitoring directives that are issued to us by the state of California and other national organizations including the dental society leadership as it evolves. We want to meet and exceed guidelines as we work with our patients.

Please watch for emails and posts on our social media accounts for further announcements to the following weeks.

If you have an orthodontic emergency or questions, please call our comfort care hotline 760-419-5555. To better assess the situation, you can also text and send photos.

The team at Hidden Valley Orthodontics appreciates your trust and will continue to work every day to provide the best and safest orthodontic care possible.

Dr. Fortney & The HVO Team
